RINGKASAN

A graduate of Jayanusa College of Information Management and Computer Science, majoring in Information Systems with expertise in web development, software engineering, database management, and computer networks, along with proficiency in software and hardware. Certified by Oracle and Cisco, I excel at quickly learning new technologies and adapting to dynamic work environments. I focus on developing and optimizing digital solutions that are user-friendly, secure, and reliable, both in terms of software and hardware. With experience in managing projects from planning to implementation, I provide innovative solutions tailored to meet the business and technical needs of users.
